LOGITECH ROOM SOLUTIONS: DESIGNED FOR SIMPLICITY & FLEXIBILITY

Meeting rooms built with Logitech components create a simple experience for meeting participants and offer IT admins flexibility in choosing a video conferencing cloud provider.

TAP IP

With one-touch join, easy content-sharing, and center-of-room control, Logitech Tap makes it super easy and fast to join a meeting.

RALLY CAMERA

Rally Camera delivers premium performance in professional meeting spaces of all shapes and sizes. It features mechanical Pan/Tilt/Zoom (PTZ), razor-sharp 15X HD zoom, expansive 90° diagonal field of view, and powerful 4K sensor.

ROOMMATE

With computing power and video conferencing software together in a dedicated appliance, RoomMate makes it easy to deploy Zoom Rooms, Microsoft Teams Rooms on Android, and others.

BIAMP PRO AUDIO SYSTEMS: LEGENDARY AUDIO EXPERTISE

TESIRAFORTÉ X SERIES PROCESSORS

TesiraFORTÉ X series signal processors act as a hub for Biamp room peripherals. They provide a superior audio experience when paired with Biamp Parlé microphones and Desono speakers. Automate room tuning using Biamp Launch for perfect audio in all room types. These devices also support Dante connections to third party mics and speakers.

PARLÉ TCM-XA CEILING

The Parlé TCM-XA is a low-profile ceiling microphone featuring Beamtracking technology which actively tracks conversations, even if participants move around the room. Parle mics solutions are available in low profile ceiling, table, and pendant offerings.

DESONO C-IC6 CEILING SPEAKERS

The Desono C-IC6 is a ceiling mounted low-profile, two-way passive coaxial loudspeaker optimized for speech reproduction in conferencing applications.
